**Subject:** FW: [External Email]-RE: Notes from Nov 16, 2018 Mn PBPK meeting  
**Attachments:** EPA's Summary of Mn PBPK 11-16-2018 meeting - Stakeholder edits.docx; EPA's Summary of Mn PBPK 11-16-2018 meeting - clean.docx

Hi Kris,

Thank you for helping to organize the meeting a few weeks ago on the Mn PBPK models. I have worked with Harvey and Mel, and I have attached a few edits for the minutes. The majority of the edits are small such as Will's name was misspelled and Annie was left off as attendee.

The only other edit was to clarify Harvey's comment on why the new model should not be immediately used. I have attached a track-change version and a clean version of the notes. Please let me know if you have any questions or concerns. We are happy for the notes to be posted.

We look forward to eventually receiving some information on EPA decision-making scenarios regarding the models as well as future meetings. Harvey and Mel will continue to correspond with Paul and others at the EPA regarding specific technical questions on the models. Mel will send everyone a document on a historical context of the models within the next few weeks. We are also preparing a larger package that will include model descriptions, scripts, etc., but this will take a few months to prepare. If there is anything you need prior to this package, please just let us know.

Kind regards,  
Athena

**Subject:** Notes from Nov 16, 2018 Mn PBPK meeting

Mel and Harvey,

Thanks so much for visiting us on November 16 to discuss Mn PBPK model history and recent developments. As we mentioned, we will be posting on the IRIS website a list of the attendees, presentations, and a short summary of the meeting. Can you please review the attached summary and make sure the attendees list is accurate and the notes are consistent with your recollections? After we get your feedback we should be able to post shortly.

Thanks,

- Kris
